

# NOTICE

## Commencement of Academic Activities physically within the Institute

The Institute of Technology University of Moratuwa has decided to commence its academic activities physically for small groups of students with the approval of the University Grants Commission.

Accordingly, Academic activities for the following disciplines will commence on **29th<sup>th</sup> January 2021** physically within the institute adhering to the guidelines issued by the Ministry of Health and the Health and safety guidelines prepared by the ITUM Emergency Management Unit

**Electrical Engineering Technology**

**Electronics and Telecommunication Engineering Technology**

**Nautical Studies**

**Textile and Clothing Technology**

**Semester III (2018/2019)**

**Civil Engineering Technology**

**Chemical Engineering Technology**

**Polymer Technology**

**Semester I (2019/2020)**

All students are required to strictly adhere to the following instructions.

1. All students are strictly instructed to adhere to the health and safety protocols proposed by the ITUM Emergency Management Unit (Please see the ITUM Web for more information).
2. All students of the above mentioned disciplines are strictly required to obtain a certification from Public Health Inspector (PHI) of your area before coming to the institute. (Please use the format uploaded in the ITUM web to obtain the certification) and also required to submit their information through online using the Google form forwarded by the respective Head of the Division.
3. All students are required to bring their own personal belongings such as a plate, cup, hot water flask (if required) and safety equipment (sanitizers, face masks... etc.)
